Nicolas Kress

ENS Paris-Saclay nicolas.kress@ens-paris-saclay.fr

EDUCATION

ENS Paris-Saclay Gif-sur-Yvette, France
M.S. in Mathematics *Expected, June 2029*

- Extended 3-year program including a research immersion year abroad

ENS Paris-Saclay Gif-sur-Yvette, France
B.Sc. Mathematics and Computer Science. *July 2026*

- Organized student conferences at ENS in mathematics: weekly seminars by students, for students
- Personal research in topology for fundamental computer science

Lycée Henri IV Paris, France
Classe Préparatoire aux Grandes Écoles (CPGE), MP *July 2025*

- Minors in Computer Science and Theoretical Physics
- Personal research in polynomial-time factorization of integer-coefficient polynomials

RESEARCH EXPERIENCE

Internship at New York University New York, USA
Consistent Updates in Scalable Microprocesses *Expected, Summer 2026*

- Advisor: Thomas Wies
- Analysis of Computer Systems Group (ACSys)

RESEARCH INTERESTS

- p-adic analysis
- Topology over structures in CS, fixed-point theorems in discrete mathematics
- Formal Languages
- Distributed Algorithms

PUBLICATIONS (IN PREPARATION)

Kress, N. p-adic topology over infinite trees and self-similar trees

SKILLS

Languages: Fluent in English and French, beginner in Spanish and Greek
Computer: Python, OCaml, C, C++, HTML, JavaScript, Prolog, LaTeX
